

Des Moines Pool Metropolitan Park District

May 20, 2025

7:00 p.m.

Special "Hybrid" Meeting

Meetings are hybrid: being held remotely using Zoom and in-person at the Des Moines Pool MPD District Office (22015 Marine View Dr. So. – Main floor). If you wish to listen in, please do so at 1-253-205-0468; Meeting ID: 820 1811 3432; Passcode: 122902. Any questions or comments should be directed to Scott Deschenes, District General Manager at (206) 429-3852 or by email at scott.deschenes@desmoinespool.org. Public comment for those who cannot physically attend will be due by email to info@mtrainierpool.com by noon on the day of each meeting. Patrons that can attend in-person will be allotted three minutes during public comment (#5). This is due to the hybrid format of the meetings.

AGENDA

7:00 1. **CALL TO ORDER ROLL CALL**

7:01 2. **PLEDGE OF ALLEGIANCE**

7:03 3. **ADOPTION/MODIFICATIONS OF AGENDA** (None, Special Meeting)

7:04 4. **ANNOUNCEMENTS, PROCLAMATIONS AND PRESENTATION**

7:05 5. **PUBLIC COMMENT (Please Limit to Three [3] Minutes)**

Hybrid Meeting: If you are unable to physically attend and wish to make public comment, please submit in writing via email to info@mtrainierpool.com by Noon on Tuesday, May 20. Please include your name, address, and contact phone number. All timely submitted public comments will be read at the meeting subject to the time limit. Any public comments received after noon, will be read at the following regular meeting.

7:10 6. **"EXECUTIVE SESSION "REAL ESTATE PURCHASES AND SALES"**

RCW 42.30.110(1)(b) To consider the selection of a site for acquisition of real estate by lease or purchase when public knowledge regarding such consideration would cause a likelihood of increased price.

7:25 7. **STRATEGIC PLANNING, MOVING FORWARD**

7:55 8. **JOINT MEETING WITH TUKWILA**

8:05 9. **GOOD OF THE ORDER**

8:10 **UPCOMING MEETING(S)**

- May 27, 2025, Regular Board Meeting, 7:00 p.m., Location DMPMPD Office (22015 Marine Drive So. #2B, Des Moines, WA)
- June 24, 2025, Regular Board Meeting, 7:00 p.m., Location DMPMPD Office (22015 Marine Drive So. #2B, Des Moines, WA)

ADJOURNMENT

22015 Marine View Drive South, Suite 2B, Des Moines WA 98198 (Physical Location)

22722 19th Avenue South, Des Moines, WA 98198 (Mailing Address)

To enhance our community's quality of life by providing access to and promoting participation in aquatics programs

The Des Moines Pool Metropolitan Park District is committed to compliance with both the Washington Law Against Discrimination and the Americans with Disabilities Act. The District's meetings are being held hybrid including remotely due to COVID-19. See the information above to join a meeting. If you have any questions, please contact Scott Deschenes, District General Manager, 206.429.3852.

The Pledge of Allegiance

**I pledge allegiance
to the Flag
of the United States
of America,
and to the Republic
for which it stands,
one Nation under God,
indivisible, with liberty
and justice for all.**

AGENDA ITEMS SUMMARY SHEET

Agenda Item #: 6 **Assigned to:** District GM

Meeting Date: May 20, 2025

Under: Executive Session

Attachment: Yes _____ No X

Subject: *Executive Session #1: Real Estate Purchase and Sales*

Background/Summary:

On April 3, 2025, the District General Manager and Commissioner Dusenbury met with the Highline School District. The session is to update the board about the lease negotiations.

At this meeting, the Highline Superintendent asked if the board would be interested in purchasing the Mount Rainier Pool.

The discussion will be on this request.

Fiscal Impact: To Be Determined.

Proposed Motion:

Language to Call Session: The board will be going into Executive Session pursuant to RCW 42.30.110(1) to consider the selection of a site for acquisition of real estate by lease or purchase when public knowledge regarding such consideration would cause a likelihood of increased price. The executive session will be for _____ minutes until _____.

Any direction given by the board will be made in open session and noted in the minutes.

Reviewed by District Legal Counsel: Yes X No _____ Date: On-going

Three Touch Rule:

N/A Committee Review
04/22/25 First Board Meeting (Informational)
To Be Determined Second Board Meeting (Action)

Action Taken: Adopted _____ Rejected _____ Postponed _____

Follow-up Needed: Yes X No _____ Report back date: N/A

Notes:

- No Attachments

AGENDA ITEMS SUMMARY SHEET

- Strategic Planning Presentation (PPT) – 13 pages
- Resolution 2025-?? Declaration to Move Forward (DRAFT) – 3 pages
- Stakeholder Homework (PROPOSED) – 2 pages
- Local Surveys and Outreach Groups – 1 page
- 2017 Des Moines Aquatic Feasibility Study – 161 pages

Strategic Planning

Special Meeting

May 20, 2025

Timeline Issues

- Levy vs. Bond?
 - Need Levy Lid Lift to at least \$.50/1,000 + inflation costs (3-4%)
 - Estimate under \$.20/1,000
 - HSD Bond is set for 2028
 - Bond
 - Need to build education and community support
 - Might require a survey and study
 - Tough with aging facility and putting money towards keeping pool operational
 - Contingency Plans
 - Things will not always go to plan
 - Need to be ready to adapt and adjust to future situations
 - It will not be easy

Levy Lid Lift vs. Capital Bond

Levy Lid Lift

- Low Barrier (50+%)
- Stabilize Operations
- Build Public Trust
- Lay Groundwork for Bond Readiness
- Flexibility

Capital Bond (\$40m+)

- High Barrier (60+%)
- Costly Failure
- No Stability

ROUGH OUTLINE

For Discussion

First Step: Commitment to a Process

- Make sure everyone is on the same page
- Speak publicly with same voice
- Need to come to some understanding
- **My idea: Resolution**

RESOLUTION ITEMS:

1. Declaration of Facility Condition and Urgency
2. Levy Lid Lift and Capital Funding Intent
3. Land Acquisition and Feasibility Commitment
4. Community Engagement Commitment

Phase 1: Initial Preparation and Research (Months 1–3) – Almost Complete

1. Project Preparation and Board Adoption

- Conduct Internal: **Assessment (Stemper Report Complete, HSD/McKinstry Report Coming Soon)**
 - Document pool's condition, infrastructure needs, programming capacity, and growth projections.
- Board Resolution: **May 27 Meeting?**
 - Formal adoption of resolution committing to exploring pool replacement and outlining the initial steps.

2. Community and Stakeholder Identification

- Identify stakeholders and community groups: **Future Meeting?**
 - Pool users (swim lesson families, lap swimmers, seniors)
- Local businesses and civic organizations (e.g., Rotary, Kiwanis, Chamber of Commerce)
- Advocacy groups (youth sports, adult fitness, seniors, ADA advocacy)
- Community leaders and key influencers

Phase 2: Community Input and Engagement (Months 4–9) – Start in Fall

3. Community Surveys – Estimate \$20k-\$35k (Need RFQ)

- Conduct online and mailed surveys to: - 2017 AF Study. See pages 198-358.
 - Assess public support
 - Identify key amenities (lap pools, leisure pools, therapeutic pools, diving boards, community spaces)
 - Gauge willingness to pay or support levy/bond measures

Benchmark: At least 500 survey responses

4. Stakeholder Interviews and Focus Groups – See Stakeholder Homework

- Host targeted discussions with stakeholders to explore needs, concerns, and opportunities.
- Benchmark: Minimum 8-3 stakeholder meetings (in-person or virtual)

5. Community Outreach and Listening Sessions

- Public workshops and community meetings (minimum of 3 sessions) to:
 - Present facility needs
 - Share survey results
 - Solicit public feedback directly

Phase 3: Community Input and Engagement (Continued) – Toward End of Survey

6. Community Advisory Committee Formation (PAC)

- Establish a citizen-led advisory group (10–15 members representing diverse community interests): **Avoid Same Ten People**
 - Regular monthly meetings
 - Serve as project ambassadors in community
- Benchmark: **Committee formed by month 6**, active through the ballot measure.

USE PUBLICITY OF SURVEY TO PROMOTE POOL ADVISORY COMMITTEE (PAC).

PHASE 4: Financial Modeling & Feasibility RFQ

7. Financial Analysis and Strategy

- Develop detailed financial plan:
 - Total cost estimates (capital, operational, long-term maintenance)
 - Financing methods (general obligation bonds, levy lid lift, grants)
- Consider public-private partnerships or sponsorships if feasible.

8. Board Decision & Resolution for Ballot Measure

- Board officially adopts preferred alternative.
- Pass formal resolution to place measure on the ballot, clearly specifying:
 - Project scope and features
 - Total cost and funding sources
 - Taxpayer impact and levy rate
- **Benchmark:** Resolution adopted at least 90–120 days before ballot deadline.

Phase 5: Public Education and Advocacy (Months 21–24??, Prior to Election)

12. Public Information Campaign (Education Only) - Post Cards?

- Fact-based outreach providing clear, unbiased information about:
 - Project benefits, costs, and community impacts
- Use multiple channels (website, social media, mailers, community meetings, signage)

13. Independent Advocacy Group Formation

- Community members may independently form a campaign committee (separate from SPD staff/board) to advocate for the ballot measure.
- Conduct voter outreach, fundraising, advocacy meetings, and communication.

Phase 6: Election and Implementation (Election Month & Beyond)

14. Election and Results

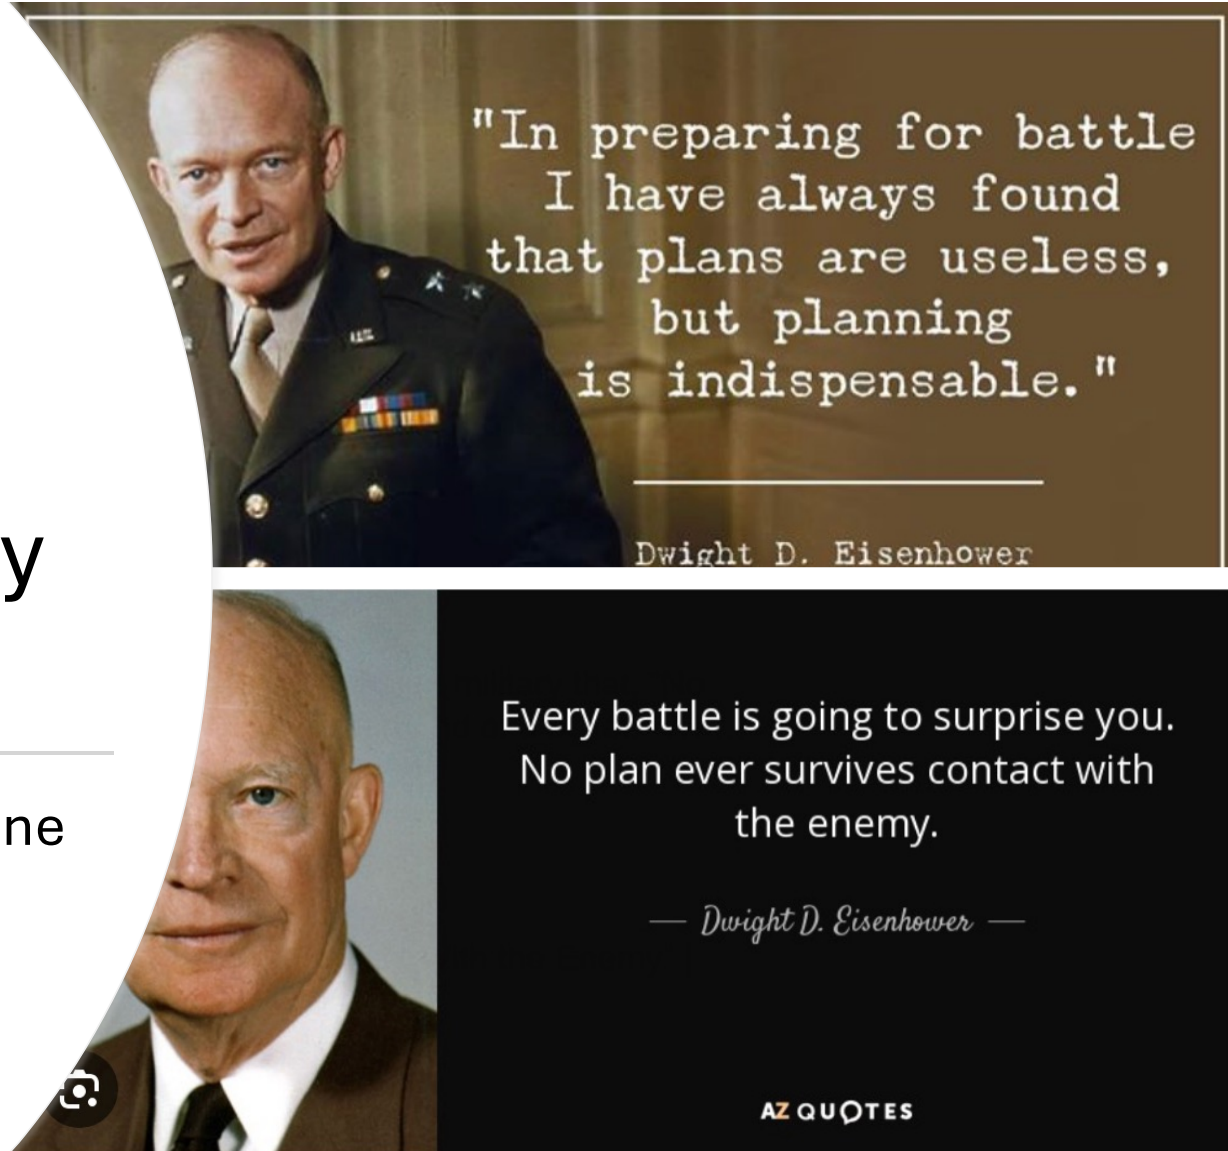

- Conduct official election; monitor voter turnout and results.
- If successful, move into project implementation.

15. Project Implementation and Communication

- Communicate timeline, construction phases, and progress transparently.
- Ongoing engagement with community advisory committee and stakeholders.

Phase 7: Post-Election and Planning for Facility Replacement

Time to Develop a New Outline

Discussion

May 20 Special
Meeting – Strategic
Planning

DES MOINES POOL METROPOLITAN PARK DISTRICT

KING COUNTY, WASHINGTON

RESOLUTION NO. [INSERT NUMBER]

A RESOLUTION OF THE BOARD OF COMMISSIONERS OF THE DES MOINES POOL METROPOLITAN PARK DISTRICT EXPLORING THE REPLACEMENT OF THE MOUNT RAINIER POOL AND OUTLINING NEXT STEPS FOR COMMUNITY ENGAGEMENT AND FEASIBILITY STUDY.

A Resolution Declaring the Deterioration of the Mount Rainier Pool, the Need to Pursue a Levy Lid Lift, and the Intent to Explore the Development of a New Aquatic Facility on an Expanded Site

WHEREAS, the Des Moines Pool Metropolitan Park District (“District”) was formed to operate and maintain the Mount Rainier Pool, which has served the residents of Des Moines, Normandy Park, and surrounding communities for nearly five decades; and

WHEREAS, the Mount Rainier Pool’s major systems—including its surge pit, mechanical, electrical, plumbing, and HVAC systems—have reached or exceeded their useful life, and the most recent conditions assessment has identified a critical, time-sensitive issue that places the long-term operability of the facility at significant risk; and

WHEREAS, the facility’s deteriorating condition has led to increasing emergency closures, rising maintenance costs, and service disruptions, limiting the District’s ability to meet the community’s growing demand for aquatic services such as swim lessons, water exercise, recreational swimming, and water safety instruction; and

WHEREAS, the population of Des Moines and the surrounding area has grown substantially since the pool’s construction, intensifying demand for aquatic facilities that the current pool can no longer meet in terms of size, capacity, or programming; and

WHEREAS, the recent conditions assessment determined that the Mount Rainier Pool’s existing site footprint is too small to accommodate future expansion or the addition of new amenities needed to meet community needs; and

WHEREAS, the District recognizes that securing a larger lot of land is necessary to pursue the development of a modern, expanded aquatic facility that can accommodate future population growth, new program offerings, and increased community demand; and

WHEREAS, although the District has successfully pursued grants and capital funding to address temporary repairs, a long-term capital funding strategy is urgently required to secure land, plan, and eventually construct a replacement aquatic facility; and

WHEREAS, the District's current taxing authority is constrained under Washington State's 1% annual limit on property tax increases, which has eroded the District's effective levy rate over time, leaving the District unable to meet these urgent needs within current revenues; and

WHEREAS, the Board of Commissioners recognizes the need to pursue a levy lid lift to restore taxing capacity, stabilize operations, build capital reserves, and position the District to secure land and advance the planning and development of a new aquatic facility;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE DES MOINES POOL METROPOLITAN PARK DISTRICT, AS FOLLOWS:

1. Declaration of Facility Condition and Urgency:

The Board declares that the Mount Rainier Pool is in a critically deteriorated condition, as documented by the most recent facility assessment, and that the limited site capacity prevents future expansion, creating an urgent need for financial and planning action to maintain aquatic services and prepare for the community's future needs.

2. Levy Lid Lift and Capital Funding Intent:

The Board expresses its intent to prepare for a levy lid lift under RCW 84.55.050 to restore taxing authority, stabilize operations, address emergency repairs, build capital reserves, and support land acquisition and future facility development.

3. Land Acquisition and Feasibility Commitment:

The Board commits to exploring all available opportunities to secure a larger site suitable for a modern aquatic facility and to undertaking a comprehensive feasibility study to evaluate options for new construction, site planning, and expanded programming.

4. Community Engagement Commitment:

The Board directs staff to develop and implement a robust public engagement process—including surveys, public meetings, and the formation of a community advisory committee—to ensure residents, stakeholders, and partners have meaningful input in shaping the vision for a future aquatic facility.

5. Progress Reporting:

The Board directs the General Manager to provide regular progress updates on levy lid lift planning, land acquisition efforts, feasibility study progress, and public engagement activities at future board meetings.

PASSED AND APPROVED by the Board of Commissioners of the Des Moines Pool Metropolitan Park District this [INSERT DATE] day of [INSERT MONTH], 2025.

DISCLOSURE:

DRAFT

Des Moines Pool Metropolitan Park District

Stakeholder Identification & Prioritization Form

Board Member Name: _____

Date: _____

In the table below, please follow the three steps to help prioritize agencies in the community. This will help develop a prioritize stakeholders to approach and prioritize on their impact toward the project.

Step 1: Stakeholder Identification

Please list potential stakeholders in the community that should be considered for engagement.

Step 2: Stakeholder Prioritization Criteria

Please prioritize the following list from most import to least important.

Step 3: Engagement Priority Tier

Using total scores above, place each stakeholder into a priority tier:

- **Tier 1 (High Priority)** – Must be engaged early and frequently.
- **Tier 2 (Medium Priority)** – Engage as needed during outreach and feedback phases.
- **Tier 3 (Low Priority)** – Inform and include in broader communication efforts.

Step 1: Stakeholder Identification			Step 2:	Step 3:
Stakeholder/Group Name	Contact Info	Affiliation (e.g., civic group, user group, agency)	Stakeholder Priority*	Engagement Priority Tier

Step 1: Stakeholder Identification			Step 2:	Step 3:
Stakeholder/Group Name	Contact Info	Affiliation (e.g., civic group, user group, agency)	Stakeholder Priority*	Engagement Priority Tier

Additional Comments or Recommendations:

Please this form to the District General Manager by _____.

NEXT STEPS: The District General Manager will send out a form that the board will vote on prioritizing stakeholders for a discussion at a future meeting. PLEASE FEEL FREE TO ADD STAKEHOLDERS ON AN ADDITIONAL SHEET.

Community Surveys and Washington Pool Support Groups

Below is a list of aquatic surveys completed in the Puget Sound region and advocacy groups, if the board wished to reach out.

Community & Municipal Aquatic Surveys in Washington State (Since 2000)

Year(s)	Location / Agency	Survey Purpose	Key Findings / Notes
2025	Jefferson County Jeffco Aquatic Coalition	Countywide survey to gather input on desired features for a proposed aquatic center in Port Hadlock.	Results intended to inform the design process for a new facility. Survey available at jeffcoaquaticcoalition.org . SURVEY LINK: https://www.jeffcoaquaticcoalition.org/_files/ugd/ae9943_9e3d0f7e0399412a8d4e7cd771f6d536.pdf
2021–2022	Olympia & Thurston County City of Olympia Parks, Arts and Recreation	Regional Aquatic Facility Feasibility Study to assess the need and support for a new aquatic facility.	The study concluded with recommendations for facility development, reviewed by the Parks, Arts and Recreation Advisory Committee. SURVEY LINK(VIDEO): https://www.olympiawa.gov/services/parks_recreation/aquatic_facility.php
2019	Shoreline City of Shoreline	Resident Priorities Survey conducted by EMC Research to understand public	Survey results informed the design and function of the proposed facility.

Year(s)	Location / Agency	Survey Purpose	Key Findings / Notes
		interest in a new community and aquatics center.	SURVEY LINK: https://www.shorelinewa.gov/home/showpublis heddocument/43824/636930896127430000
2018–2020	Bellevue City of Bellevue & SplashForward	Aquatics Feasibility Study to explore alternatives for a new Bellevue Aquatic Center.	Public outreach included stakeholder meetings, focus groups, and a public interest survey. Findings presented to the City Council in August 2020. NO SURVEY, BUT HERE IS PLAN: https://splashforward.org/splashforward-feasibility-study-report/
2015	Kirkland SPLASHForward	Community surveys to assess support for a new recreation and aquatic center.	Over 80% of residents indicated support, leading to concept designs and a ballot measure for the formation of a Kirkland Aquatics and Recreation District. DRAFT

SURVEY METHODOLOGY

Random Sample

The Des Moines Pool Metropolitan Park District survey was conducted during the spring of 2017 to gain community feedback for an aquatic feasibility survey to assess the current facility and programming. The survey instrument was designed by Ron Vine, President of Ron Vine and Associates, in partnership with the Des Moines Pool Metropolitan Park District, Barker Rinker and Seacat Architects, and the Eppley Institute for Parks and Public Lands.

A total of 3,801 surveys were mailed on May 3, 2017, to a random population of Des Moines, WA, households. The mailed survey contained a postage paid return envelope. 3,801 postcard reminders were mailed on May 7, 2017, and a second round of 3,801 postcard reminders were mailed on May 24, 2017. The printed survey provided recipients with an option to complete the survey online, with a URL (Uniform Resource Locator) allowing the recipient to complete the survey online or alternative instructions for receiving a paper copy. Postcard reminders also included the same URL and unique four- or five-digit verification code, as stated in the printed copy survey. For online completion, the respondent was prompted to enter a unique key code that was provided in the mailing. Each unique verification code could only be used once so that respondents who completed the survey online and mailed back a paper copy were only counted once.

A target completion goal was set for a minimum of 300 responses by May 31. As of May 19, 2017, only 141 surveys had been collected, representing a response rate of 3.71%. Survey collection officially closed on June 14, 2017, resulting in a total of 321 responses. However, upon analysis in SPSS, 25 of these were less than 50% completed and were removed from the sample set, resulting in 296 valid surveys collected. This represents a valid survey response rate of 7.79%. Respondents who did not answer a question are listed as “no response” in the tabular data.

All survey collection methods used the Dillman Tailored Design Method (Dillman, Mail and Internet Surveys, 1974) which consists of following the original mailing with a series of reminders. Dillman suggests that high nonresponse rates to any mailing are inevitable but are likely not due to conscious refusal but rather result from the respondents’ practical hierarchy of priorities (Dillman, Mail and Internet Surveys; The Tailored Design Method, Second Edition, 2007, p.179).

With a population of 29,673 and a 95% confidence level, a sample size of 296 households indicates a margin of error of 5.5%.

SURVEY RESULTS

Question 1: Household Age

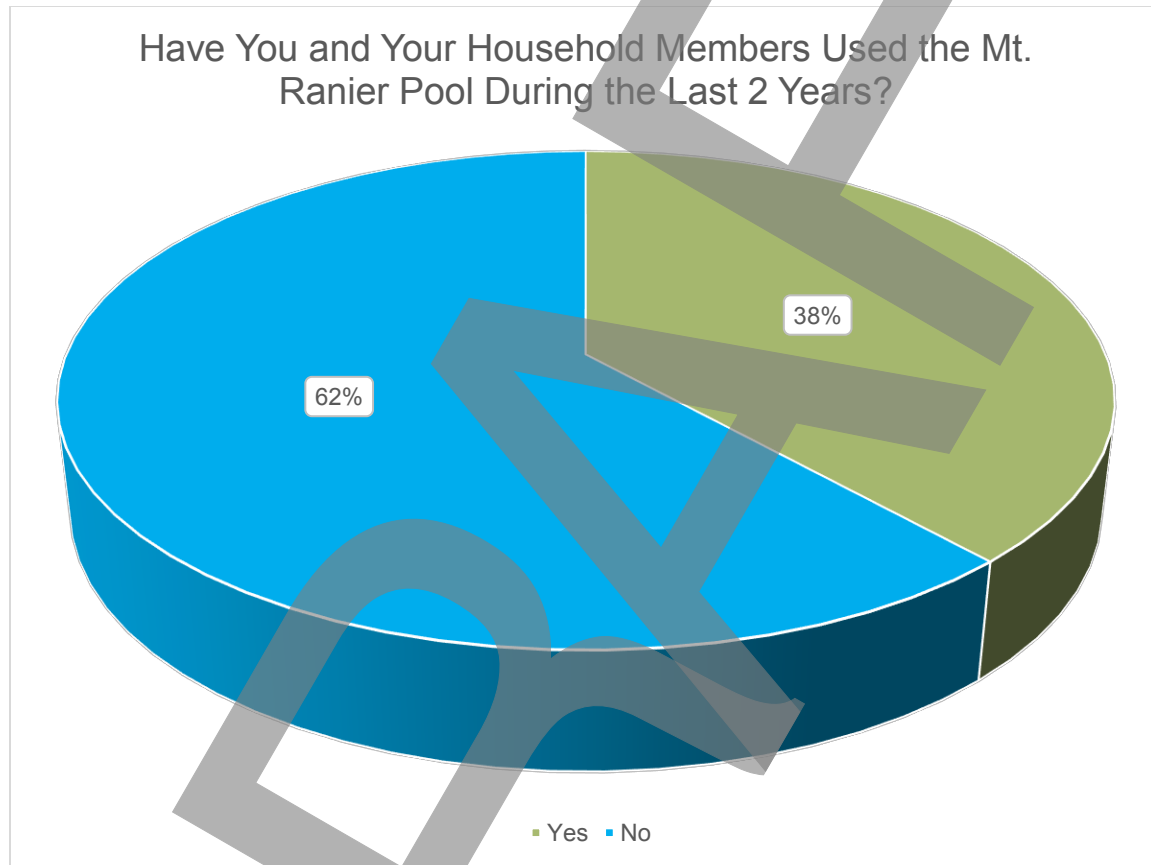

Counting yourself, how many people in your household are?

Field	Percent	Frequency
Under 10 years	11.8%	34
10-19 years	12.8%	37
Both Under 10 & 10-19 years	5.2%	15
20-54 years	13.1%	38
55 years & Over	47.8%	138
Both 20-54 & >54 years	9.3%	27
Subtotal	100.0%	289
No Response		7
Total		296

Question 2: Household Pool Usage

Have you and your household members used the Mt. Rainier Pool during the last 2 years?

Field	Percent	Frequency
Yes	38.3%	113
No	61.7%	182
Subtotal	100.0%	295
No Response		1
Total		296

Question 2a: Pool Usage By Activities

From the following list, please check ALL the aquatic activities for which you or members of your household have used the Mt. Rainier Pool.

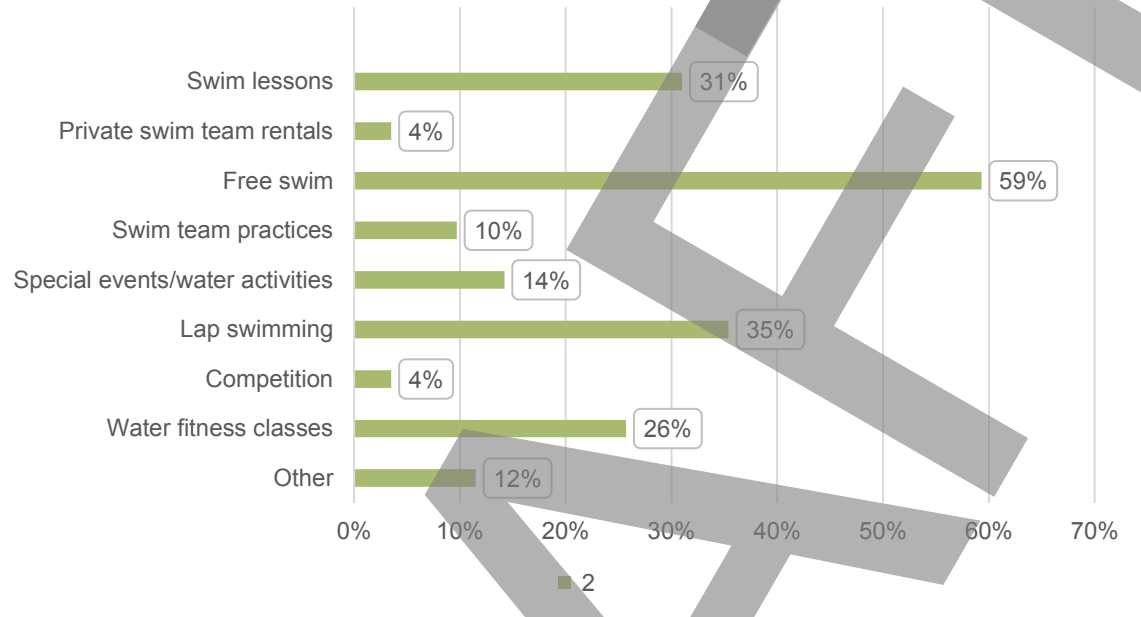

Field	Frequency of Respondents (n=113)*	Frequency of Responses (n=219)	Frequency
Swim Lessons	31.0%	16.0%	35
Private Swim Team Rentals	3.5%	1.8%	4
Free Swim	59.3%	30.6%	67
Swim Team Practices	9.7%	5.0%	11
Special Events/Water Activities	14.2%	7.3%	16
Lap Swimming	35.4%	18.3%	40
Competition	3.5%	1.8%	4
Water Fitness Classes	25.7%	13.2%	29
Other	11.5%	5.9%	13
Total		100.0%	219

All Aquatic Activities You and Members of Your Household Have Used the Mt. Ranier Pool

Question 2b: Frequency of Pool Usage

Approximately how many days over the past 2 years did members of your household use the Mt. Rainier Pool?

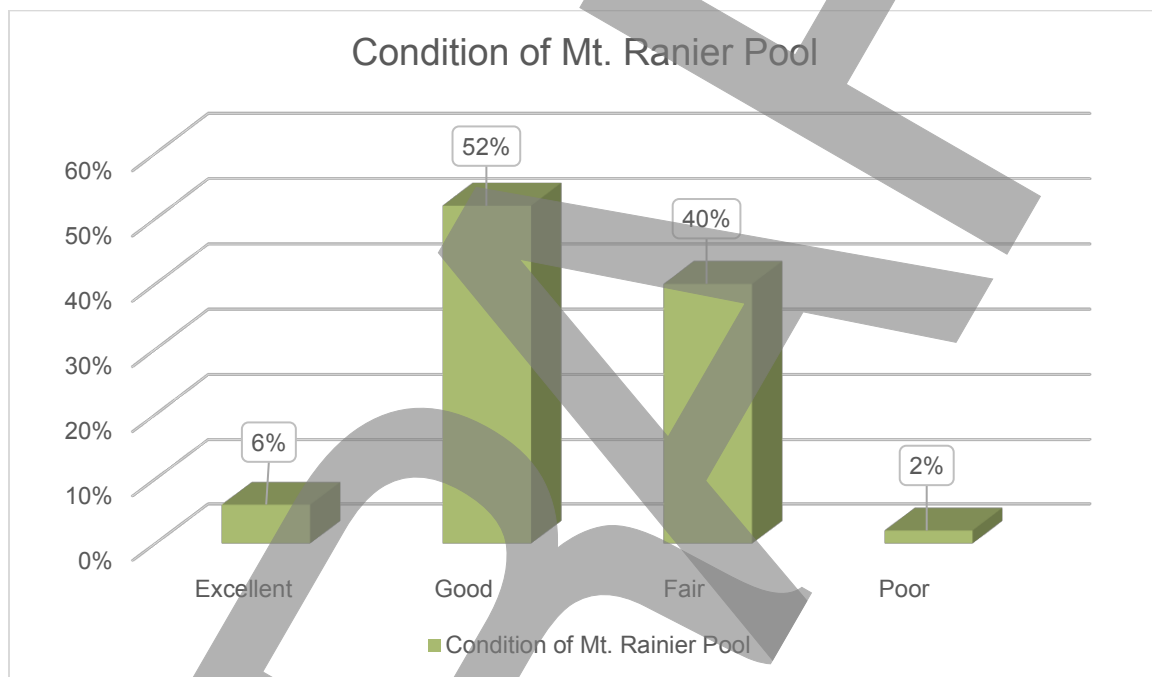

Field	Percent	Frequency
500 days or more	1.8%	2
300 to 399 days	4.5%	5
200 to 299 days	9.8%	11
100 to 199 days	9.8%	11
50 to 99 days	14.3%	16
25 to 49 days	23.2%	26
10 to 24 days	15.2%	17
1 to 9 days	21.4%	24
Subtotal	100.0%	112
No Response		1
Not Required to Answer*		183
Total		296

Question 2c: Pool Condition Ratings

How would you rate the condition of the Mt. Rainier Pool?

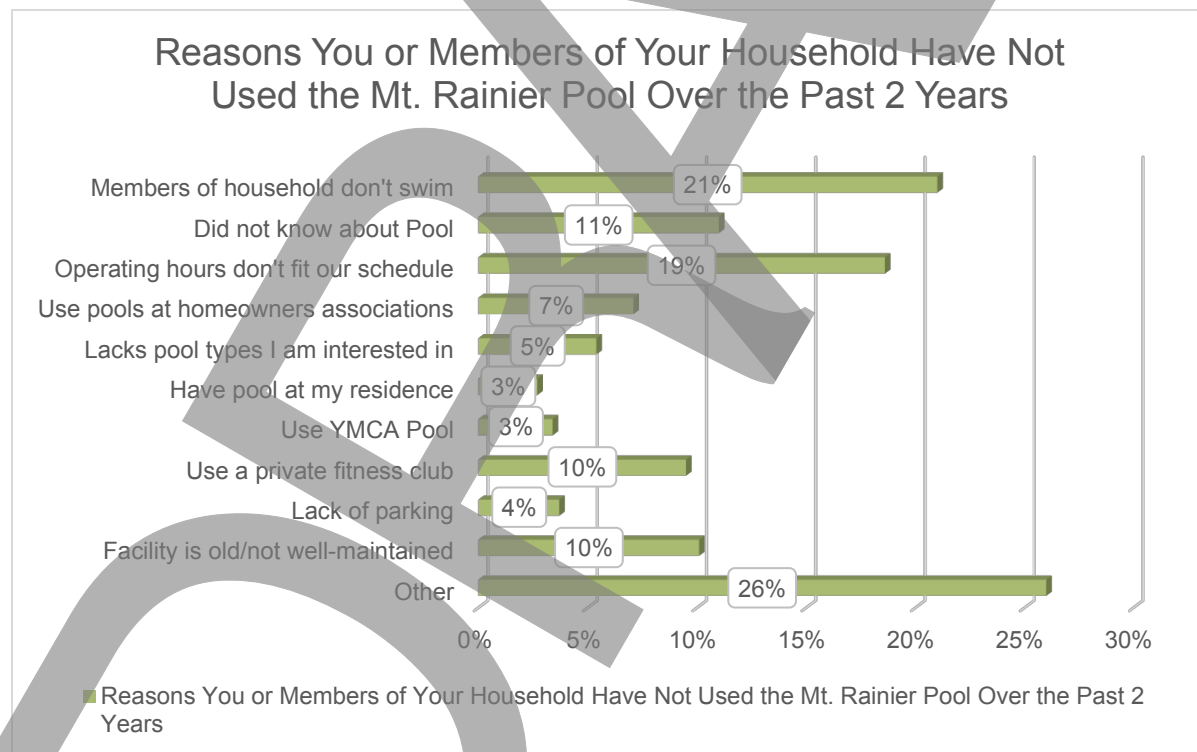

Field	Percent	Frequency
Excellent	6.3%	7
Good	51.8%	58
Fair	40.2%	45
Poor	1.8%	2
Subtotal	100.0%	112
No Response		1
Not Required To Answer*		183
Total		296

Question 3: Reasons Being a Non-User

Please indicate ALL the reasons you or members of your household have not used the Mt. Rainier Pool over the past 2 years.

Field	Percent of Respondents (n=296)	Percent of Responses (n=352)	Frequency
Members of our household don't swim	20.6%	17.3%	61
Did not know about the Mt. Rainier Pool	11.5%	9.7%	34
Operating hours don't fit our schedule	18.6%	15.6%	55
Use pool at homeowner's association	7.1%	6.0%	21
Lack of ADA accommodations	0.3%	0.3%	1
Lacks pool types I am interested in	5.4%	4.5%	16
Have pool at my residence	2.7%	2.3%	8
Use a YMCA Pool	3.4%	2.8%	10
Use a private fitness club	9.5%	8.0%	28
Lack of Parking	3.7%	3.1%	11
Facility is old/not well maintained	10.1%	8.5%	30
Other:	26.0%	21.9%	77
Total		100.0%	352

Q3: Other

Other:

Age
allergic to chlorine
Allergic to chlorine; germs from others.
Busy with other activities
chlorinated too strong
Chlorine allergy- bromine okay
Class hours don't fit schedule
concerned about the transgender law allowing males in womens dressing room and vise versa
Didn't live in Des Moines until 20 months ago
distance from house
Don't swim
don't swim well
Forget it about it
have no interest
home was a rental property, we just moved back into it in 2/2017
I just don't like using pools - get exercise other ways
just don't swim in pools much
just moved here
Just moved here.
just moved into area
Just moved to Dos Moines
just moved to the area from Seattle
Just moved to this location
knee surgery
Lack of time
laziness
Little desire to swim
Locker rooms are gross and no family change room
love the outdoors
mostly used by children that are now moved out
My doughtier almost drowned lifeguard was eating. I had to holler at him
N/A
nasloa has pool
Never consider going swimming
never think about it
New homeowner to the area.
No children living with me
No Free Swim Hours
no public pools per Dr.

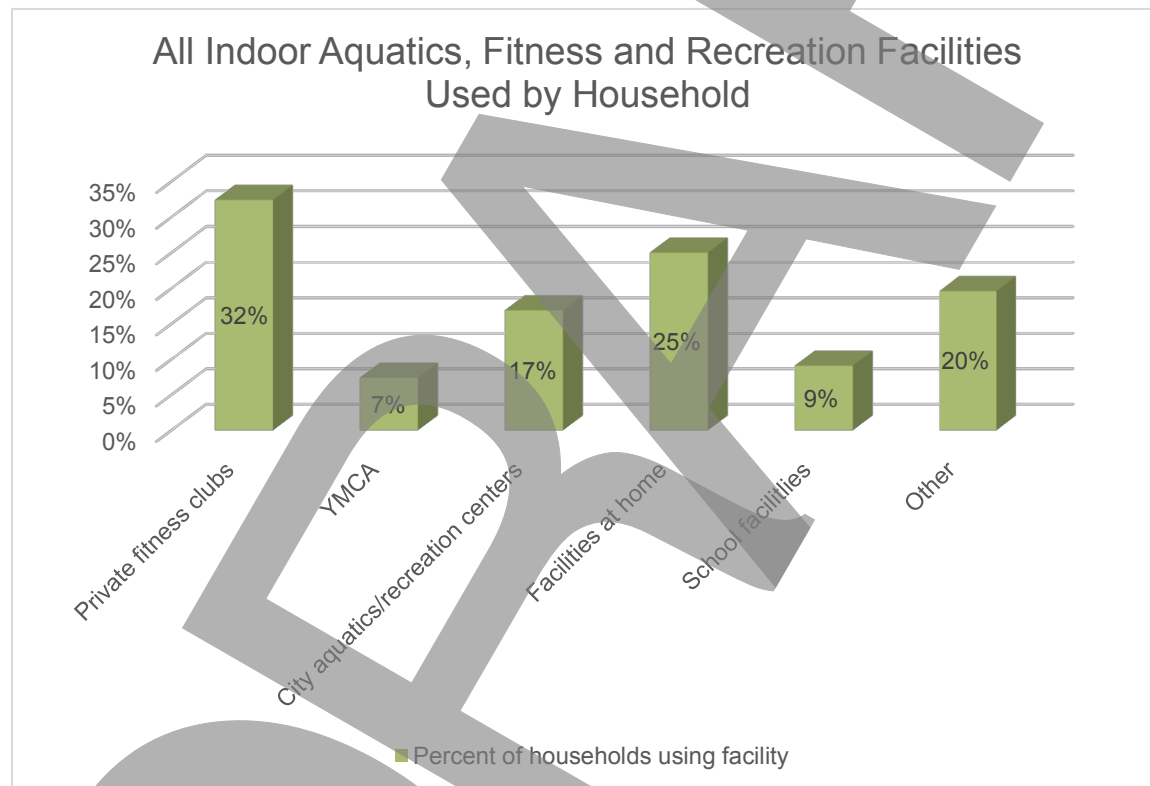

no time/ too lazy/ uncomfortable dress room
not interested
Not interested
not interested
not interested
Not interested in pool use - have lake property
not sure why
plan to look into swim lessons for grandson
Pool is too cold for small children
practice Yoga instead
price is high
Recently Moved to Des Moines, WA
SAT classes
Seems expensive compared to other pools w/ up-to-date facilities
showers do not operate. no lockers
sickness MS
spouse does want to swim
swimming is not an interest
too cold
Too far from my house
Use lap pool at Federal Way Comm. Center. Have Silver Sneakers. Both.
Used outdoor pool at private swim club
Waiting for kids to be old enough
want shallow entry heated pool, drops too quickly
Water is too cold
water very cold
We are not very interested in swimming
we live in a community that has a put pool & rec area
We ski in the winter and belong to private pool for summer
We swim at Fed Way community center
work or lazy
would use more if there were stairs instead of ladders
YMCA pool is nicer

Question 4: Indoor Facility Usage

Check ALL the indoor aquatics, fitness, and recreation facilities you and members of your household use.

Field	Percent of Respondents (n=296)	Percent of Responses (n=327)	Frequency
Private fitness clubs	32.4%	29.4%	96
YMCA	7.4%	6.7%	22
City aquatic/recreation centers	16.9%	15.3%	50
Facilities at home	25.0%	22.6%	74
School facilities	9.1%	8.3%	27
Other	19.6%	17.7%	58
Total		100.0%	327
